

# SPONSORSHIP INVITATION

On **June 4, 2026**, the Manotick BIA will present the inaugural **Founders' Table** — an elevated open-air dining experience set against the historic backdrop of Watson's Mill.

This signature evening will officially launch **the 50th Anniversary of Dickinson Days** and mark Manotick's participation in Ottawa's 200th anniversary celebrations.

Celebrating  
**50** Dickinson  
YEARS Days

Approximately 200 invited guests — including business leaders, community partners, and long-standing residents — will gather along one continuous harvest-style table in the heart of the village.

Proceeds from the evening will directly support:

- Preservation and programming at Watson's Mill
- Enhancements to Dickinson Square
- Continued investment in Dickinson Days community initiatives

# THE Founders' Table

## ***Our Partnership Approach***

We are engaging in direct conversations with organizations whose values align with community investment, heritage preservation, and visible local leadership.

Each organization has distinct objectives — whether focused on client hospitality, brand positioning, community credibility, or strategic alignment during a milestone anniversary year.

To guide these conversations, we have structured partnership levels as follows:

**Founding Partner**  
\$10,000

**Village Steward**  
\$5,000

**Legacy Patron**  
\$2,500

**Heritage Supporter**  
\$1,000

Within each level, we will work collaboratively to determine the appropriate degree of brand presence, hosted seating, and recognition that reflects your organization's goals and the integrity of the event.

## ***Custom Alignment Opportunities***

In addition to core partnership levels, select experiential alignments — such as course integration, wine pairing alignment, or other curated elements — may be incorporated where appropriate.

Our objective is not simply logo placement, but thoughtful integration that maintains the sophistication of the evening while delivering meaningful visibility.

## ***An Invitation to Participate***

Watson's Mill and Dickinson Square are central to the identity and vitality of Manotick. The Founders' Table offers a visible and credible opportunity to invest in their continued success while aligning your organization with a defining 50-year milestone celebration.

*We are currently meeting with prospective partners to explore alignment and confirm participation. We would welcome a conversation to discuss how your organization may wish to be involved.*
